# QuikRuler III™

MEASURING MODULE

The affordable measuring module for architects, construction estimators, engineers and surveyors!

Instantly and accurately collect blueprint takeoff and drawing measurements with QuikRuler III. The all-in-one measuring system offers a large LCD screen that delivers quick and precise measurements without relying on a computer connection. Spend less time evaluating dimensions and more time focused on expanding business.

A simple plug-and-play is all that's needed to integrate QuikRuler III with GTCO CalComp by Turning Technologies Roll-Up III or Super L VI digitizer. Record measurements and upload them via USB onto any spreadsheet application, including Lotus 1-2-3 and Microsoft Excel.

QuikRuler III includes all the functions necessary to measure lengths, as well as irregular areas in any scale or unit of measurement. A built-in measuring program provides access to creating highly accurate blueprints. QuikRuler III also performs standard calculator operations and can count items on blueprints or drawings with ease.

FEATURES

Versatile
- Supports Roll-Up III™ or Super L VI™ Series Digitizers with integrated QuikRuler III support
- Compatible with all leading estimating software
- No computer required

Easy to Use
- No computer experience required
- Integrated USB to send data to your PC (no drivers required)
- Works alone or with a PC
- Input numerical data into any spreadsheet application, including Lotus 1-2-3® and Microsoft Excel®
- Single cable connects the QuikRuler III to the Super L VI or Roll-Up III making setup very easy

Standard Functions
- Measuring functions include area, length segment, length continuous, count, perimeter, units, scale, auto-scale and count-scale
- Calculator functions include add, subtract, divide and multiply
- Units of measure include inches, feet, yards, miles, millimeters, centimeters, meters, kilometers, no units
- Works at any scale

Durable and Dependable
- Easy-to-read screen
- Made of durable, tough materials
- Backed by a two-year limited U.S. warranty and free technical support

Technical Specifications

Platform Support	PC
Software Drivers	Microsoft Windows® 7, 8 and 10
Hardware Interface	Integrated USB, QuikRuler III
Power Requirements	9 Volts at 500mA/Powered by a Roll-Up III or Super L VI digitizer
Operating Temperature	50 to 104°F/10 to 40°C
Storage Temperature	-22 to 158°F/-30 to +70°C
Weight	175 g/6 oz.
Size (L x W x H)	5.6 x 2.6 x 2 in/142 x 66 x 51 mm
Humidity Range	0 to 90%, noncondensing
Warranty	Two-year limited U.S. warranty, free technical support

Purchase Includes: Other Options:

- LCD display featuring 16 characters x 2 lines
- Tablet interface cable for Roll-Up III and Super L VI
- Power Supply
- USB Cable
- Measuring Menu

Easy Connectivity
